

Due to Ron's reputable generosity, Burns Studio receives countless requests for support from worthy organizations across the country, and even around the world. We try to do what we can, but unfortunately feel that it is still not enough, as millions of animals continue to be euthanized each year in the US alone.

To save animals, Burns Studio - where We're for Furever Homes™ – looks to innovatively partner with animal welfare organizations who share our same vision. One way in which we do so is through a website specifically designed for non-profits with programs to help raise money through Ron's artwork.

This website is for non-profits looking for innovative fundraising ideas, however due to proprietary nature of its information (including in depth program descriptions, custom tailored marketing and PR materials, etc.), it is password protected. For the login and password to the site, please contact [support@burnsstudio.com](mailto:support@burnsstudio.com).

Below are a few programs outlined in detail on the site. Share this information with your favorite animal welfare organization to help be part of the solution; together we can make a difference.

Furever Homes™ is a raffle program we developed to help organizations generate excitement, media attention, and donations through the use of Ron's instantly recognizable artwork. Supporters enter the raffle by purchasing raffle tickets, and one lucky ticket holder will win the opportunity to have his or her pick of any Burns limited edition valued at up to \$2,000!

To see all Little Orphan Animals™ (LOA) merchandise currently available, please visit our store at <http://www.cafepress.com/orphananimals>.

Ron has created a complete line of little orphaned cats and dogs with one specific goal in mind – to spread the word that there are thousands of wonderful shelter animals looking for their Furever Homes™. The bright colors and bold graphics are inspired from the magical paintings

that Ron has created over the years from the many shelter animals he has met in his travels around the country.

Ron's LOA characters have helped the State of Arizona raise over \$650,000 for spay and neuter initiatives with their use on the pet-friendly license plate and now they can help other organizations raise money as well!

Organizations that plan to have a 2009 dog walk can use Ron's character "Andy" on their T-shirts. The iWalked image is specially designed for the 2009 year, which dramatically limits its availability. So, whether you and your furry friend walk, or just want to support the fundraiser, the iWalked merchandise is not only fun, adorable, and for a good cause, it's also incredibly collectible!

Beyond the iWalked items, organizations also have the opportunity to make a minimum of 15% from sales of other LOA items by joining our affiliate program. As new images are added to the store, old ones may be retired, which dramatically increases their value as collectibles. To see all
